

Solutions Multifonctions HP

Jai Hokimi Ahmed Reda¹ and Bruno Torterat²

¹ MFP Product Manager – Africa & DomTom

² Imaging & Printing Group General Manager - Africa

Traditionally businesses have relied upon a variety of hardcopy tools, including printers, fax machines, and copiers. However, adequately addressing users' changing hardcopy needs can substantially reduce costs, increase productivity, and improve workflow.

HP MFPs let you manage fewer consumables, reducing your total cost of ownership, storage requirements, service interruptions, streamline communications with digital sending services and advanced document management solutions, simplify supplies management with HP MFPs that offer smart printing systems, toner level sensors, online supplies ordering, and no-shake cartridges.
